Write your topic here (100 Marks)

Ideas, paragraphing & no. of sentences	Outlining	Spelling and structure	HW. spacing and Pun.	Total Mark
70	20	20	10	120

VI-Reading Comprehension (150 Marks)

Read the following passage carefully, and then answer the questions :

Right now, I am looking at a shelf full of books, relics, old-timers and antiques. Yes, that's right. If you have some spare cash and are looking to enhance your reading experience, then I highly suggest you to purchase an e-reader. E-readers are replacing the old books, and I welcome **them** with open arms.

An e-reader is a device that allows you to read e-books. An e-book is a book which is published in digital form, consisting of text, images, or both. It is produced on, published through, and is readable on computers or other electronic devices. The Oxford Dictionary of English defines the e-book as "an electronic version of a printed book,".

E-readers are superior to printed books in many aspects. One of these aspects is saving space. The average e-reader can store thousands of digital books, providing a real library at your fingertips. Moreover, being the size and weight of a thin cover, the e-reader itself is relatively **petite**. It is easy to hold and can fit in a pocketbook or briefcase easily. Perhaps the only drawback to the space-saving aspect of an e-reader is that it requires you to find new things to put on your shelves.

In addition, e-readers are superior to books because they are environmental friendly. The average novel is about 300 pages long. So, if a novel is printed 1000 times, it will use 300,000 pieces of paper. That's a lot of paper! If there are about 80,000 pieces of paper in a tree, this means it takes almost 4 trees to make these 1000 books. Since e-readers use no trees, they represent a significant amount of preservation in terms of the environment and its resources.

Finally, e-readers are also superior to books because they provide helpful reading tips and tools that printed books do not. An e-reader allows its user to customise letter size, font, and line spacing. It also allows highlighting and electronic bookmarking. Furthermore, it grants users the ability to get an overview of a book and then jump to a specific location based on that overview. While these are all nice features, perhaps the most helpful of all is the ability to get dictionary definitions at the touch of a finger. On even the most basic e-reader, users can get instant definitions without having to hunt through a physical dictionary.

It is clear that e-readers are superior to printed books. They save space, are environmental friendly, and provide helpful reading tips and tools that printed books do not.

A- Choose the best completion from a, b, c and d: (5 X 10 = 50 m)

26. The best title for the passage could be "....."
- a. E-readers Different Types.
 - b. E-readers Superiority Over Books.
